

MASSACHUSETTS MARITIME ACADEMY FIRE TRAINING SKILL EVALUATION SHEET

JUNIOR FIREFIGHTING

NAME: _____ **STUDENT ID:** _____

WRITTEN EXAM SCORE: _____ **GRADUATION DATE:** _____

LECTURE DATE: _____ **AND LECTURE CONTENT:**

Shipboard Fire Systems (inc. suppression and detection, CO2, Halon, Foam, Sprinkler) and Engine space fires.

STATION

PASS/FAIL/INC

SCBA STATION:

- A. Student donned and doffed SCBA unassisted. [P] [F] [I]
- B. Student demonstrated ability to properly change an air cylinder. [P] [F] [I]
- C. Student showed no problems with proper use of SCBA. [P] [F] [I]

If Fail or Incomplete explain: _____

SHIPBOARD PRACTICAL STATION:

- A. Student, as #1 (Nozzle), demonstrates command of hose line and gives proper directions to extinguish the fire. [P] [F] [I]
- B. Student, as #2 on hose, displays ability to work as a team member to attack and overhaul a fire. [P] [F] [I]
- C. Student, as #3 on hose, demonstrates maneuvering a hose to provide uninterrupted flow of water for the attack team. [P] [F] [I]
- D. Student displays the proper use of all P.P.E. [P] [F] [I]
- E. Student displays the proper procedures for correct rehab., hydration and cool down activities. [P] [F] [I]
-

FLAMMABLE LIQUID SIMULATION:

- A. Student demonstrates proper technique in setting up a foam line. [P] [F] [I]
- B. Student demonstrated skills in fighting and extinguishing a Class B fire. [P] [F] [I]
- C. Student participated in securing and cleaning up the foam line. [P] [F] [I]
- D. Student used a 20lb. dry chemical extinguisher to extinguish a simulated 50 square foot Class B spill fire. [P] [F] [I]
- E. Student demonstrated the ability to restore the extinguisher to a serviceable condition. [P] [F] [I]

Has the student successfully completed the requirements for Junior Fire Training? [Y] [N]
